

YMCKO 5 PANEL COLOR RIBBON

Technical data & Specification

General Specification

Compatibility and printing capacity

Advantages

Evolis High Trust® original color ribbons have been designed to produce the very best image quality with Evolis card printing systems. You can use our YMCKO ribbon for every single or double-sided colour printing.

In addition to the standard colours (Yellow, Magenta, Cyan and Black), YMCKO ribbons apply a protective varnish onto your cards, to retain a high quality of image despite its frequent use. Printed cards can, therefore, be used for up to 3 years.

- **Type:** Color Ribbon
- **Description:** YMCKO 5 Panel
- **Features:** The color ribbon is polyethylene terephthalate (PET) with thin layer of specialized coating. The concentration of colorant is very low and they are insoluble in water. In the printing process they only diffuse at temperature above 50°C.
- **Storage Information:** It is recommended that this product is used within one year. Avoid dust, direct sunlight, high humidity and high temperatures. Do not place near solvent or other chemicals.

- **P/N: R5F001XXX:** Up to 100 prints per roll.

XXX: The part number may vary according to your region.

All ribbons are formulated to produce sharp, bright images and clear text. The protective varnish allows a better lifespan of the card and of your prints.

Tested and validated by Evolis R&D and Quality departments, these consumables bring you printing quality and reliability. Use Evolis High Trust® ribbons to keep off defects and to benefit from high-quality printouts and at an optimal cost-per-card.

Evolis card printers + Evolis High Trust® consumables = the winning combination!
