Pointman standard cleaning kit (RI-PM-200)

The Pointman cleaning kits contains a standard size cleaning card, a long T-shape cleaning card, a single use alcohol swab, and a cleaning pen for multiple uses.

It is important to keep any ID card printer in the cleanest possible condition at all times to ensure longevity of life and to maintain high quality print ability.

This cleaning kit should be used regularly and is able to be used with the Pointman N10 and N15 and N25 printers.
